ABBREVIATION REFERENCE: AIR = American Indian Reservation; Trust Land = Off-Reservation Trust Land; TJS = Tribal Jurisdiction Statistical Area; TDSA = Tribal Designated Statistical Area; ANVSA = Alaska Native Village Statistical Area; ANRC = Alaska Native Regional Corporation; CCD = Census Civil Division; CDP = Census Designated Place; BNA = Block Numbering Area

Figure 1 is a legend for map symbols. It is organized into three columns. The first column contains symbols for various types of roads and trails: a solid line for Highway, a dashed line for Secondary Road, a line with cross-ticks for Jeep Trail/Wake/Water, and a line with cross-ticks and a central bar for Railroad. The second column contains symbols for linear features and boundaries: a line with cross-ticks for Pipe/Power Line, a line with cross-ticks and a central bar for Ridge/Physical Feature, a line with cross-ticks and a central bar for Property/Fence Line, and a dashed line for Nonvisible Boundary. The third column contains symbols for water features and other areas: a blue line for Stream/Shortline, a blue line with cross-ticks for Intermittent Stream, a blue line with cross-ticks and a central bar for River, and a blue line with cross-ticks and a central bar for Glacier. Below these columns are three additional symbols: a blue square with white dots for Military, a grey rectangle with a black border for Inset, and a grey rectangle with a black border for Out Area.

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- ¹ A * following a place name indicates that the place is also a false MCD name; the false MCD name is not shown.
- ² In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '99' suffix. An anchor symbol appeared on the 1990 maps locating a census-tract-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- ³ A * following a block number indicates that the block number is repeated elsewhere in the block.

1990 COUNTY BLOCK MAP (RECREATED)

All legal boundaries and names as of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and made numerous updates to the base features from those depicted in 1990. The boundaries shown on this map are for the Census Bureau's statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement.
